## GALAXY

Sometimes I'm thinking  
when the night sky is twinkling  
So star after star  
Who we are?

To live in this case  
filled with the endless of space  
To be on a race  
to reach the end of days

कथं-सर्वज्ञ-कथं-सर्वज्ञ-  
कथं-सर्वज्ञ-कथं-सर्वज्ञ-  
कथं-सर्वज्ञ-कथं-सर्वज्ञ-

Lie is a miracle for me  
Am I able to understand  
what it means to be?

I wanna be  
in my life so good and free  
more than just a little spot  
in the galaxy.

## THE SPIRIT

Backing my bags for the misty way of life  
Trying to find the state of my mind  
सर्वज्ञ-सर्वज्ञ-सर्वज्ञ-सर्वज्ञ-  
सर्वज्ञ-सर्वज्ञ-सर्वज्ञ-सर्वज्ञ-

When I looked to the east  
my spirit was over the clouds  
and far away

Flying so high in my sky of dreams  
Full of contentment so I find the path to my heart  
सर्वज्ञ-सर्वज्ञ-सर्वज्ञ-सर्वज्ञ-  
सर्वज्ञ-सर्वज्ञ-सर्वज्ञ-सर्वज्ञ-

When I looked to the east  
my spirit was over the clouds  
and far away  
And I know and I know  
and I know and I know  
it's so far away  
So far away

## REFLECT THE LIGHT

Along the horizon  
A single light  
In the distance  
A single light

See the sun it shines on you  
Feel the light to make it bright  
Find the door in the wall  
Try to make it up and never stop

Reflect the light  
Reflect the light  
Reflect the light  
Reflect the light  
Reflect the light

Along the horizon  
A single light  
In the distance  
A single light

Reflect the light  
Reflect the light  
Reflect the light  
Reflect the light  
Reflect the light  
Reflect the light

## WHEN YOU WERE YOUNG

When you were young and learned which path is to go  
Tried to follow it but felt too slow  
Voices knew everything and kept you in a cage of gold  
Oh oh is there only one way to go?

Life has so many questions and those grind you  
In their world of motions you're a little fish in the deep blue  
Oh oh is there only one way to go?

You reached an age the end of days you face  
The face marked with frown – all ways uphill behind steep down –  
Sometimes so sure and knew what the others should do  
Oh was this the way to go?

## SEA OF MANKIND

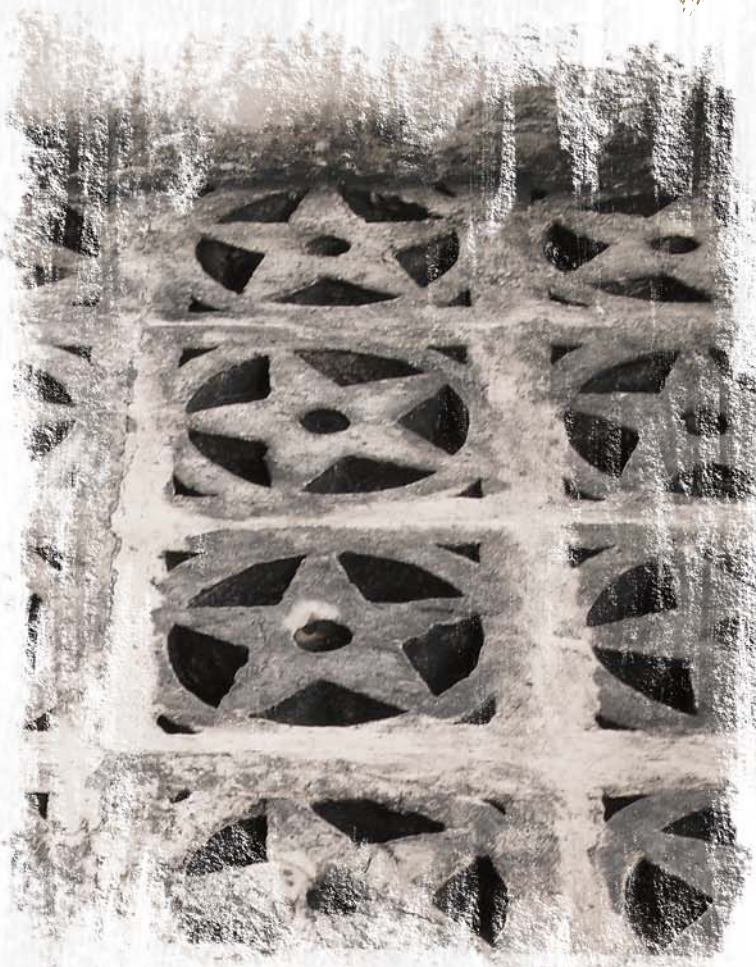

and oceanward  
cleft do oceanward  
and and and... oceanward  
clefts oceanward...

There is a wave of crime  
See the wave of misery  
There is a wave of subornness  
See the wave of poverty

There is a tide of injustice  
Feel the tide it is full of coldness  
There is a tide of politics  
Feel the tide it is full of lies

Gliding so slowly I watched the boat  
Radiant with silent superiority  
Oh oh holding fast  
On the horizon in the glory of sun

and... oceanward  
cleft do and cleft and...  
and and and... oceanward  
clefts oceanward...

# OCEAN

...  
Your fingers are trembling  
In your inmost rhythm you are shaking  
Sense this sound gentle on tongue  
Breathe this tune deep into your lung

A sound 'bout love and endless power  
'bout farness hills and untouched flowers  
About volplane birds the wind which blows  
them straight into the afterglow

Have you ever  
seen the ocean?

Have you ever  
touched the sky?  
Have you ever  
felt emotions?

Are you ready  
to die?

Feel it beating feel it springing  
about your beauty it is singing  
Feel your blood its rocking rough  
it's flooding you with all the love.

...  
Have you ever  
seen the ocean?  
Have you ever  
touched the sky?  
Have you ever  
felt emotions?  
Are you ready  
to die?

Have you ever  
seen the ocean?

Have you ever  
touched the sky?  
Have you ever  
felt emotions?

Are you ready  
to die?

...  
Yesterday I saw the children play  
in water I think it kills  
But a few of them stood there  
with the hands in the air  
they prayed to god  
like an ocean wave I thought

Have you ever seen a child whose play  
in a street of Mumbai or on another way  
Without a chance a system slave

but their eyes are fixed on the ocean wave

Have you ever seen a child whose play  
in a streets of Mumbai or on another way  
Without a chance a system slave  
but their eyes are fixed on the ocean wave

...  
Have you ever  
seen the ocean?  
Have you ever  
touched the sky?  
Have you ever  
felt emotions?  
Are you ready  
to die?
